

Amendments to the Drawings

Please amend sheet 1 of the drawings to include depiction of source documents 170, target documents 180 and similarity search agents 160 in remote databases 150. The location of the similarity search agents, the source documents and the target documents have been disclosed in paragraphs 0012 and 0034 of the specification as filed. Paragraph 0034 has been amended to include the reference designations 160, 170, and 180 for the remote similarity search agent, the source document or record, and the target document or record, respectively. An amended version of sheet 1 is attached as Appendix A of this response.
